

May

Grade 3 Newsletter – May 2024 in Review

Wow! The school year is rapidly coming to a close and our 4 years together, as well. I have truly been blessed to have spent these years with your children as my students in the Canadian Program of The International School.

In English Language,

We began and continue to read the novel, "Pippi Longstocking." We are also working on improving our English language skills via lessons from the CCC book and IXL.com Language Arts skills.

In Mathematics, we completed our learning of data and graphs. We then started and continue to learn about fractions.

In Social Studies, we are learning about Ancient Greece—its geography, people, food, and homes.

In Science, we had our Science Fair. The students worked hard on their projects, and we had some really interesting ones! Congratulations to our top 3 projects: "Enzymatic Browning" by Zara, "Training My Cat to do Tricks" by Astor, and "What Type of Soil Plants Grow the Best" by Tymek and Leon.

In Art, after finishing our study of Monet and creating our own versions of lily pads in a pond, we utilized Art for Kids Hub on Youtube to draw and color different landscape scenes.

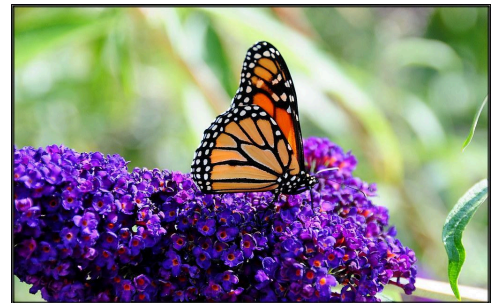

Happy May!

Ms. Sue

IMPORTANT DATES:

11 June - Parent-Teacher Meetings

21 June - End of the School Year

Working on our Science Fair projects!
