

Grade 7 *June* Newsletter

Language Arts...

Students finished up the last working unit of the Keystone Books and submitted a few outstanding assignments. Students wrote e-mails to their future selves and reflected on the learning that took place this school year. They set goals for the summer and for the last year of primary school. Students took part in an Art Project and celebrated the end of the school year.

Math...

Students completed a few review activities and then worked on math puzzles. Students completed a domino effect puzzle and a checked board puzzle. They calculated mean, median, mode, and range.

Science...

The students had a lot of fun during the art project at the start of this month. They created a lot of interesting things. We also have had class discussions memorable lessons and how important health is to our urinary system, digestive system and our immune system.

History...

Students reviewed the year and reflected on what they have learned. They created Kahoot questions for their peers in order to summarize the topics that were covered in class this year. Students put together a Kahoot game for others to play.
