

September

Grade 1 Newsletter – September in Review

Introduction...

Welcome to the first Grade 1 newsletter of the year! I am thrilled to be to be the Grade 1 Canadian Programme teacher! We began the school year getting to know each other and writing about our summer!

In English Language,

We began practise spelling quizzes, learned about forms of the verb 'be' and read stories from the textbooks.

In Mathematics,

We reviewed addition & subtraction and compared objects using superlative words. We did a class activity in pairs to visualise how to compare objects according to size, weight, height and much more!

In Social Studies,

We learned ways in how we are unique and what makes 'me' special.

In Science (Mr Pieter) In Grade 1 this month, we explored the functions of different body parts, the five senses, and the needs of living things. Students studied toy animals using magnifying glasses to observe their physical characteristics. They wrote about their findings and shared their observations with classmates.

In Art,

We learned about Pablo Picasso and Claude Monet We drew a self portrait in the style of Pablo Picasso

Happy September!

Ms. San

IMPORTANT DATES:

- 10th October - Empathy Day
- 24th October - Grade 1 Pledge Day
