

OCTOBER NEWSLETTER

4th GRADE

LANGUAGE ARTS

THE STUDENTS HAVE HAD A MONTH FILLED WITH PRESENTATIONS, GROUP ACTIVITIES, AND STORYTELLING. THEY RETOLD AND PRESENTED A FAMILIAR STORY, AS WELL AS TYPING UP AN ARTICLE ABOUT EXTREME WEATHER CONDITIONS, AND DESIGNING A WEATHER WARNING POSTER ON EXTREME WEATHER.

MATHS

STUDENTS ARE WORKING ON UNDERSTANDING MULTIPLICATION TABLES. WE ARE MULTIPLYING 2-DIGIT AND 3-DIGIT NUMBERS BY ONE-DIGIT NUMBERS. STUDENTS MATCHED QUESTIONS AND ANSWERS IN ORDER TO CREATE A HEXAGON ON MULTIPLICATION FACTS. THEY WERE ABLE TO WORK INDEPENDENTLY AND ASK OTHER STUDENTS FOR HELP.

HISTORY

THIS MONTH WE LOOKED AT THE TOPICS OF "ME AND MY HOMELAND", "BIG AND SMALL HOMELAND" AS WELL AS "POLISH SYMBOLS". STUDENTS COMPLETED FAMILY TREES AND LEARNED ABOUT THEIR FAMILY HISTORIES. THEY UNDERSTOOD WHAT DIFFERENT OBJECTS COULD HELP REPRESENT THEM. THEY LEARNED ABOUT THEIR HOMELAND AND WHAT ITEMS AND IDEAS MAKE THEM POLISH.

SCIENCE

OUR OCTOBER LESSONS INVOLVED USING TOOLS FOR NAVIGATION AND LEARNING THE "RULE OF THUMB" TO ESTIMATE DISTANCES. WE ALSO CALCULATED MAP SCALES USING SATELLITE IMAGES OF OUR SCHOOL. A HIGHLIGHT WAS OUR TRIP TO THE MAZURY LAKE DISTRICT, WHERE WE STUDIED ECOSYSTEMS AND COLLECTED SAMPLES IN NATURE.
