

# February

## Grade #3 Newsletter - February in Review

### Introduction

Students were welcomed back with talking about our winter break and starting our new class project... The international School Space Travel Agency!

### Language Arts

We started our next novel study 'Anne of Green Gables'. We looked at compound nouns in more depth and talked about Cause and Effect.

### Mathematics

We learned to identify both regular and irregular 2D Polygons. We also played 2D Polygon Battleships to reinforce knowledge.

### Social Studies

We studied the different landforms of Ontario and looked at the most populated cities. We also talked about how the land is used in Ontario.

### Science

Science fair preparations have begun, and students are excited to work on their projects. The fair will be held on April 14th and 15th, giving students time to plan, experiment, and present their findings. In class, they will be preparing display boards, and they will also have opportunities to work with their partners after school.

### Art

We made abstract pictures in the style of Canadian artist Ted Harrison, who was inspired by the landscape of Yukon.

## Pictures, pictures, pictures!

### \*Side Note\*

Our Dragon's Den winners were Ida, Adam & Hania - with their idea of 'The Special Goggles'. Congratulations on receiving your investment!

### Important Dates:

March 17th - End date of the 'Space Travel Agency' project

March 20th - Spelling Bee (Class round)

March 27th - Spelling Bee (Finals)
